By Rail

From Reading mainline railway station we are approximately an eight minute walk. As you leave the station, turn left onto Forbury Road and take the first road on your right called Blagrove Street, then take the second turning on your left called Friar Street (pedestrian only street). When opposite the Post Office, walk straight down the market area to Kings road, then turn left on Kings road and walk till you see the main South reception which is located on the corner of Abbey Street and Kings Road.

By Car

We have a small number of client parking spaces at Abbey Gardens - if you are driving to our office and would like to park then please check availability of parking spaces by checking with an Autino team member in advance. The car park can be accessed via Abbey Street. After turning onto Abbey Street, follow the road for 200 yards until you see the entrance to the underground car park on the right-hand side. We have two visitor parking spaces located on the lower level of the car park that are clearly marked as Autino parking (spaces 88 & 113).

There are two underground NCP car parks located close to our offices. One is located on Garrard Street, RG1 1NR and a second on Queens Road, RG1 4AR. This one has better tariffs.
